

About NaBFID

National Bank for Financing Infrastructure and Development (NaBFID) has been set up under an Act of Parliament (NaBFID Act, 2021), as the principal entity for infrastructure financing in the country. The entity is regulated and supervised as an All-India Financial Institution (AIFI) by the Reserve Bank of India (RBI). NaBFID is poised to play an extremely crucial role in supporting infrastructure funding by driving the development of innovative financing instruments and development of bond and derivatives markets and promoting best practices in financing and data-driven risk management.

*NaBFID is looking to hire a strong leadership team, committed to the cause for which NaBFID is set up and to help with the national agenda, inviting applications for role of “**Vice President – Market, Liquidity and Interest Rate Risk**”.*

Job Profile

S/he will have overall responsibility for management and oversight of all the market, liquidity, and interest rate risk management functions of NaBFID. S/he will build appropriate mechanisms to measure risk, provide advice and structure risk mitigation primarily into the treasury operations and ALM functions at NaBFID. S/he will also be responsible for internal risk weighted capital calculations, conduct of stress testing, scenario analysis and developing market, liquidity and interest rate section in ICAAP.
